GENERAL INFO

I am a final year undergraduate student at the University of Colombo School of Computing, pursuing a BSc (Hons) in Information Systems and a Bachelor of Information Technology (BIT - External). With a keen interest in web development, I am dedicated to honing my technical skills and knowledge in this dynamic field. Additionally, I am a proud member of the Sri Lankan national archery team, where I not only compete as a national pool athlete but also hold many national records. My diverse experiences in both academics and sports have instilled in me a strong sense of discipline, teamwork, and a commitment to excellence.

EXPERIENCES

Engineering Intern – WSO2 Lanka (Pvt) Ltd

Nov 2024 – Apr 2025

Worked on a fresh, end-to-end project—the Asgardeo Admin Portal—starting from requirement analysis through design, development, and deployment. Designed the frontend interface, built a dedicated microservice for internal integrations, implemented key features (tenant deletion, tier management, user management), and integrated secure authentication with Asgardeo IAM. Set up deployment pipelines and conducted user training sessions to ensure effective adoption of the system across teams.

EDUCATION

University of Colombo School of Computing

2022 - Present

- UG Bsc. (Hons) in Information Systems
4th Year (Internal)
GPA 3.7118/ 4.000 | Rank - 05
- Bachelor of Information Technology
(BIT - External)
Second Class Upper Division

S. Thomas' College - Bandarawela

2012 - 2020

- G.C.E. Advanced Level Examination 2020
ICT | COMBINED MATHS | PHYSICS
(01 A, 01 C & 01 S)
- G.C.E. Ordinary Level Exam 2017
(06 A's & 03 B's)

PROJECTS

Zero-Knowledge Proof-Based Framework for Organizational Data Liability Reduction in Binary Attestations (Research project)

(Ongoing)

- Zero-Knowledge Proof (ZKP)-based framework to reduce organizational data liability, focusing on enabling binary attestations (e.g., age, citizenship) without exposing or storing any personal data. The project uses information-theoretic metrics (entropy, mutual information, LRS) to quantify liability reduction compared to traditional verification models.
- Implemented **Circom** circuits, Groth16 proof generation, and a **Node.js**-based verification workflow, contributing to system design, prototype development, and evaluation.

Testify - Examination Platform

July 2023 - April 2024

- A secure Examination platform that can be used by tutors. This system is made using **React**, **Spring Boot**, and some integrations with **Open AI API** for some ML parts.
- Developed the frontend and backend for Admin role

TrackNBook - Railway reservation and tracking system

- This is our 2nd year group project done with **HTML**, **PHP**, **SCSS** and **JS**. This project provide unique features that are not in the current railway reservation system.
- Developed front-end and back-end development for reservation and tracking, including MVC implementation.

Pahasara UCSC media website

August 2023

- Designed and developed the official website and blog for Pahasara UCSC media unit using **Wordpress**.

Web Server in C

October 2023

- Built a static web server in C using **socket programming**, supporting **GET requests and serving HTML, CSS, and image files**. It includes **error handling** for 404 and 403 responses, and **process forking** for efficient request management.

Philldesk - Online Pharmacy Management System

August 2020

- Developed a Pharmacy management system for prescription management, billing and inventory control using **React**, **Spring Boot**

SKILLS

- **Programming:** Java, Python, JavaScript/TypeScript, PHP, C, C#
- **Tools & Technologies:** Git, GitHub, Trello, Docker, Postman, REST API, SCSS, Latex
- **Languages:** Sinhala (Native), English (Professional)
- **Frameworks:** React, Express.js, Spring boot
- **Databases:** MySQL, PostgreSQL, MongoDB (Learning)
- **Soft Skills:** Communication, Problem-Solving, Leadership, Emotional Intelligence, Logical Thinking, Team Work

EXTRA CURRICULAR ACTIVITIES

Sports

- Represented Sri Lanka in Youth Olympic Games Argentina - 2018 in Archery (World Rank 6th).
- Represented Sri Lanka in South Asian Games Nepal - 2019 in Archery (Silver medalist).
- Represented Sri Lanka in many World cups and World Championships in Archery
- National Pool athlete Sri Lanka archery (2018 to Present)
- Table Tennis Provincial Level Player
- Completed Sports Management Course conducted by NOC SL

Hackathons

- CyberZee'24 - University Level - 2nd Place
- SLIIT Bashaway 2023- 2nd Place
- NetCom SLIIT Codefest 2023 - 3rd Place
- CTF SLIIT Codefest 2023 - Merit Award
- Fresh Hack 2022 - 14th place

Volunteering

- **Web Master** - IEEE SB UCSC
- **Head of Web Dev** - Pahasara UCSC media
- **Co - Director of Sports and Recreational avenue** Rotaract UCSC
- **Athlete Committee Member** Sri Lanka Archery Association
- Volunteering for ENVEST Sri Lanka and Maldives program, held in Northern Illinois University, Chicago, USA
- MadHack 2.0 Hackathon OC member
- Fresher's Coordinator of UCSC in fresher's Championship 2022
- **College Senior Prefect** and Sports Captain
- **Secretary** of College English Literary Association and IT Club

Certifications

- Postman API Fundamentals Student Expert
- Advanced Styling with Responsive Design, University of Michigan
- AJAX for Web Developers, Coursera Instructor Network
- Web Design for Beginners , University of Moratuwa
- Python for Beginners , University of Moratuwa
